Message from the CEO:

Ms. Kenyona Wilson is a service-disabled veteran and former Contracts Administrator for the Department of Defense. Ms. Wilson primary goal is to ensure that Vision Online continues to provide efficient and quality customer and information technology services by adhering to our core values to operate with integrity and honesty and to provide best value to our customer not just a slogan but the culture of our organization.

Ms. Wilson's dedication to our country began when she enlisted in the United States Air Force at Macdill AFB and dutifully served by being entrusted with the acquisition of quality Information Technology Services to protect our country's network security during our Global War on Terrorism. During Ms. Wilson's acquisition career she administered and executed over \$70 Billion in contract actions. After Ms. Wilson's transition from the Airforce she became the Contracts Manager/Business Development Officer for one of the top 100 Information Technology D.O.D. Contracting Firms where she successfully managed/procured over \$100M in Information Technology contracts such as the Tri-care imitative.

Ms. Wilson holds BS degree in Business Administration with a Specialization in Management from Saint Leo University. She involved in many volunteer organizations such as the On-it Foundation which provides technology to under-privileged inner city youth.

Ms. Wilson is also dedicated to ensuring that Vision Online teams with other qualified service-disabled veteran owned businesses. To send your comments or questions, please e-mail her: kenyona.wilson@visiononline.com
